### PROFIT WARNING

This announcement is made pursuant to Rule 13.09(2)(a) of the Listing Rules and the Inside Information Provisions.

The Board wishes to inform the shareholders of the Company and potential investors that the Group is expected to record an increase in loss for the year ended 30 June 2016 as compared to that of the year ended 30 June 2015. Such expected increase was mainly due to the decrease in sales as a result of (i) commencement of large-scale projects in China (particularly those in the petroleum and petrochemical industries) still in delay; (ii) persistent decrease in demand of both industrial automation instrument and technology products and horological instruments; and (iii) decrease in unit selling price of industrial automation instrument and technology products.

Information contained in this announcement is only based on a preliminary assessment made by the Board on information currently available to it, including the unaudited consolidated management accounts of the Group for the year ended 30 June 2016 which have not yet been reviewed or audited by the Company’s auditors.

**Trading in the shares of the Company on the Stock Exchange remains suspended. Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.**
