**VOLUNTARY ANNOUNCEMENT ON
ENTERING INTO ALIBABA CLOUD MSP
COOPERATION AGREEMENT**

This announcement is voluntarily made by AsiaInfo Technologies Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) to inform the shareholders (the “**Shareholders**”) and potential investors of the Company about the latest business development of the Group.

The board of directors (the “**Board**”) of the Company is pleased to announce that on 14 October 2019, AsiaInfo Technologies (China), Inc (a wholly-owned subsidiary of the Company) entered into the “Alibaba Cloud Managed Service Provider (MSP) Cooperation Scheme” agreement (“**Cooperation Agreement**”) with Alibaba Cloud Computing Ltd. (阿里雲計算有限公司) (“**Alibaba Cloud**”) and became a core partner of the Alibaba Cloud MSP Cooperation Scheme. The “Alibaba Cloud MSP Cooperation Scheme” refers to a cooperation scheme under which Alibaba Cloud and the managed service provider will work jointly in such areas to provide service business opportunities, industry solutions and cloud management services.

Alibaba Cloud is a global leading technology company in cloud computing and artificial intelligence, which serves millions of customers from over 200 countries and regions worldwide, and provides services for more than half of A-share listed companies and 80% of China’s technology innovation enterprises. The Group is a leading software product, solution and service provider in the PRC with intensive engagement in the telecom operators market for over two decades, and is capable of offering various large-scale software products, service integration, operation and maintenance as well as customized business.

Cloud computing and enterprises cloudification are important changes and trend of information development. Pursuant to the Cooperation Agreement, the Group and Alibaba Cloud will combine the advantages of both sides, formulate joint solutions that cater to the targeted vertical industries, and work together to provide cloud service business for enterprise users to advance enterprises cloudification and facilitate their digital transformation via cloud technology.

The Board believes that entering into the Cooperation Agreement with Alibaba Cloud will provide opportunities for the Group to expand its cloud service business to customers of the targeted vertical industries. It is expected that the establishment of such mutually beneficial cooperation will create more potential growth opportunities and is in the interest of the Group and the Shareholders as a whole.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
